We discussed the events for which patches will be given to the boys. The committee voted to award patches to the scouts when they participate in the monthly pack activity. The committee also voted to award a single patch for scouts when they participate in a pack sponsored service project, i.e. shoeboxes, hat/mitten tree, canned goods. There will be a limit of one service patch per scout per year.

Debbie Eichler discussed the Blue & Gold. She will be sending out details under separate cover detailing the results and plans.

Den duties were discussed and it was conveyed that the den assigned for the specific duty during the pack meeting should be the one performing the duty. If a parent has any issues, their first line of resolution should be to go to the den leader.

The committee has voted that the following Adult Leader positions will require that the leader where the appropriate uniform to set an example for the boys and also to help enable new parents to easily identify the leaders. The positions are Cubmaster, Assistant Cubmaster, Den Leader, and Assistant Den Leader.
